OUR MISSION

Interest more students in science by producing a regional science fair and sending winners to compete at ISEF, the world's largest and most prestigious annual science competition.

CELEBRATING 70+ YEARS OF EXCELLENCE

Please consider a tax-deductible donation to the Northeastern Ohio Science and Engineering Fair (NEOSEF).

NEOSEF is a non-profit, all volunteer organization that has produced a regional science fair every year since 1954. About five hundred students from over eighty schools in our 7-county area compete for more than \$50,000 in prizes and for \$15,000 in Special Awards. Over 260 judges select the winners.

[The five \(5\) top NEOSEF winners](#) [win an all-expense trip to compete at](#) the Regeneron International Science and Engineering Fair (**ISEF**) held in a different city across the U.S. each year.

Regeneron ISEF is the world's largest and most prestigious annual, global science competition for high school students.

Your donation will help:

- Send students to compete at the **ISEF** 2026, held in Phoenix, Arizona.
- Increase the number of participants in the fair, especially from under-served, under-represented schools.
- Increase support to educators through specialized STEM research training.
- Win national matching funds that provide support to science teachers and mentors of science-bound students.

Thank you for considering a donation to **NEOSEF** to support science and our talented student scientists. Please contact me for more information: 440-319-5566.

Sincerely,

Oanh Loi-Powell

NORTHEASTERN OHIO SCIENCE AND ENGINEERING FAIR

Presented by Lakeland Community College, Cleveland Clinic,
Great Lakes Science Center, Parker Hannifin Foundation, and Swagelok Co.

March 9-12, 2026, at Lakeland Community College

ISEF HIGHLIGHTS

The International Science and Engineering Fair (**ISEF**) is produced by the Society for Science, founded in 1921 in Washington, D.C. It is the World's largest, annual global science competition for high schoolers. **ISEF** attracts thousands of students from more than seventy-five countries, regions and territories. Currently sponsored by Regeneron, **ISEF** awards \$9 million in prizes and scholarships, with a top prize of \$75,000.

ISEF 2024 was held in May, 2024, in Los Angeles, CA. We are proud to report that John Anand, a home-schooled Junior won a Special Award of \$750 from the Air Force, and an all-expense paid trip to Italy to attend a 3-week tech camp (from the Kessler Foundation). Also, Nina Van Zandweghe, a Junior at Solon High School won a \$5,000 annually renewable scholarship to the University of Texas, Dallas.

Out of the 1750 best high school STEM projects in the world, only the top 98 projects, or 5.6%, earned 1st or 2nd placements. In 2022, three of our five grand prize winners placed 2nd in their category.

NEOSEF has also had 82 Semi-Finalists at the high school level, and 7 Finalists in The Fisher Scientific Junior Innovator Challenge (JIC) for students in grades 7-8. One of our 2025 NEOSEF winners was just named one of the 30 finalists in the JIC competition – out of thousands of applicants!

2026 NEOSEF SPONSORSHIP LEVELS

	Supporters (<\$249)	Benefactors (\$250 - \$999)	Silver Sponsors (\$1,000 - \$2,499)	Gold Sponsors (\$2,500 - \$4,999)	Platinum Sponsors (\$5,000 - \$9,999)	Presenting Sponsors (\$10,000+)
Name on website	X	X	X	X	X	X
Name on Awards program		X	X	X	X	X
Opportunity to hang own banner at Fair site			X	X	X	X
One large banner (3' x 5') at Fair site (at NEOSEF expense)				X	X	X
Opportunity to sponsor a category					X	X
Name on letterhead						X
Name on main NEOSEF banner (6' x 10')						X

PRESENTING SPONSORS

Cleveland Clinic
Cleveland State University
Great Lakes Science Center
Parker Hannifin Foundation
Swagelok Corporation

PLATINUM SPONSORS

Iota Sigma Pi – Fluorine Chapter
Fred A. Lennon Charitable Trust
Nestle USA
Synthomer Foundation

GOLD SPONSORS

Enbridge Gas Ohio
First Energy Foundation
Lubrizol Foundation
Rockwell Automation
RPM International
Don and Josephine Scipione

SILVER SPONSORS

Materion
Nord Family Foundation
